PREPARATIONS FOR ANNUAL UNDER WAY

Only Few Days Remain for Portraits

SUPPORT URGENT

Biographies Should be Handed in at Once

Preparations for the publication of the 1925 edition of the McGill Annual which is published by the Junior year are under way, and at the present time the speedy completion of the work of the publication depends on great measure upon the co-operation of the Junior classmen.

All who have not yet been down to Notman's to have their photographs taken would do well to make a point of going at once, as less than a week remains before the final date by which all pictures must have been taken. The hours at which sittings may be held are 9-10, 12.30-2, 4-5.30, and others can be arranged by appointment if it should be desirable. The price for two glossy prints—one for publication in the Annual and one to be kept by the sitter—is a dollar and a half which must be paid at the time the portrait is taken. Well mounted and finished pictures are sold to students at specially reduced rates, and many Juniors take the exceptional opportunity that is offorded by the Annual pictures each year of replenishing the family portrait album at an exceedingly low rate. All members, however, are reminded that next Wednesday, November 20th, is the last day for which those who wish to appear in the annual will be able to get their portraits taken, and that those who go down earliest will have the greater time to make a satisfactory selection from the four prints submitted by the photographer.

If "Old McGill" is to make an early appearance on the Campus this year it is of utmost importance that all biographies should be handed to the class representative at once. It is a simple matter, and one that does not take up any great amount of time to have the forms filled out, and although biographies will be accepted until next Wednesday, the Annual Board hope that the majority of Juniors will not leave this matter to the last moment, as every day saved now means that much saved later at the end of the year when the appearance of the Annual is eagerly awaited, not only by those whose portraits enhance its artistic beauty, by the whole university.

While at the present time plans are as yet only in embryo, no pains are being spared to make the year book of the year '25 one of the best that has ever been produced, and the Annual Board can promise that, while the size and binding of last year's volume will in all probability be adhered to many new and original features will be included among the contents of the latest number of "Old McGill."

ELECTRICAL CLUB MEETING TO-NIGHT

Paper on "Sub-station Construction" to be Read

The second "Technical Session" of the McGill Electric Club will be held this evening at 5 p.m. in Room 53 of the Engineering Building. The first session of this kind was held a week ago and while there was some doubt at first whether such meetings would be a success no fears were left in the mind of the club's executive after Friday night as to the desirability of similar meetings. All the members and visitors enjoyed Mr. Richardson's paper and discussion that followed showed that there was a real interest, in the minds of those present, in the big problems of engineering.

Tonight the subject under discussion, "Substation Construction" is of no less interest than the subject of last week. Fred Howes, who is to present a paper dealing with the subject, has had very considerable experience in this line of work and it is evident from the outline of his paper that his observations during the summer have not been confined alone to size of wires, switches and the like but he brings to us some valuable matter as to just why the substation exists and the peculiarities of its different parts. There is expected to be an interesting series of lantern

Monday, Dec. 3rd.
Science Undergrad. banquet.

SECOND INFORMAL DANCE TO-NIGHT

A Few Tickets Are Still Available

Judging from the sale of tickets the second University informal, which will be held in the Union Ball Room tonight will be as well attended as its predecessor. Very few tickets of the limited number of 150 are left, and those who intend to take in the dance and have not procured a ticket are advised to see the Union porter without delay. Cloutier's orchestra will play; so everyone is assured of good music, and of course the eats as usual, will satisfy the most discriminating palate. The dance will begin at 8.30 sharp ending at 1.00.

Tuxedo-clad gentlemen will be severely dealt with except in the case of the three members of the House Committee with the chaperones, who, will be the only ones present in a tux. Miss Hurblatt, who has kindly chaperoned so many informals will, unfortunately, be unable to attend. A last warning to those who intend wearing tuxes! remember the fate of the three men last year who had to go home and change into their street clothes before they were allowed to enter the hall.

The Jazz Tea which was postponed yesterday afternoon, will be held today at 5 o'clock in the Union Cafeteria. As mentioned in another column, the postponement of the Tea was due solely to insufficient advertising and not to any friction between officials of the Mandolin Club and the Union House Committee. The Tea this afternoon, however, has been well advertised, and a large turn-out will prevent any recurrence of yesterday's unfortunate incident.

OFFICERS ELECTED FOR FACULTY CLUB

Draft of New Amendment to Constitution Read

A well-attended meeting of the Faculty Club was held at 5 o'clock, November 13th, in the Assembly Hall of the New Medical Building. Much important business was discussed, including a draft of the new amendment to the constitution, the full text of which will be published in the course of a few days.

After the minutes had been read and approved, the chairman announced the following nominations:

House Committee—Dr. D. A. Murray, Dr. C. F. Martin, Dr. C. E. Fryer, Dr. C. T. Sullivan, Dr. W. D. Tait.

Councillors—Dr. S. B. Leacock, Dr. R. F. Ruttan, Professor W. T. Waugh, Dr. T. A. MacKay, Dr. A. S. Lamb, Dr. A. S. Eve.

It was also moved by Dr. Thompson and seconded by Sir Andrew MacPhail, that the Bursar be authorized to deduct all club charges against members, from their salary cheques. The motion was carried. There being no further business, the meeting was adjourned.

DR. BANCROFT OF CORNELL AT SIGMA XI

"Blue Feathers and Blue Eyes" Is an Intriguing Topic

PHYSICS BUILDING

Speaker is Authority on Chemistry of Colour

The Society of Sigma Xi has a particularly entertaining programme for this evening, and one that will make a broad appeal to the whole University. Dr. Bancroft of Cornell University is giving a talk on "Blue Feathers and Blue Eyes." The very sound of the subject of the address awakens interest, and the reputation of the speaker not only as a man of letters but as a most charming lecturer is a certain promise of the treat in store for those who hear him.

The Society of Sigma Xi is an honorary fraternal body composed of the outstanding men in the various branches of science throughout this continent. One of the objects of the association is to obtain the better appreciation of scientific research and methods by the average professional or business man who is not engaged in scientific pusuits. With this object in view, several meetings of the McGill chapter are held each year at which prominent scientists explain and describe their work in a manner which is intelligible to the layman. Such men and subjects are selected that every person in the University can apreciate and enjoy the full context of the addresses.

Dr. W. D. Bancroft is head of the department of Physical Chemistry at Cornell, and lectures largely to the Graduate School. He is one of the most distinguished colloidal chemists on this continent, and a recognized leader in the study of the chemistry of colour and in this address will present some of the latest conceptions of the relation between the two in simple and non-technical language. He is well-known also for his particularly happy faculty of delivering highly interesting and entertaining addresses. Sigma Xi has been very fortunate in obtaining this man as a speaker, and the University undoubtedly will appreciate the opportunity offered. "Blue Feathers and Blue Eyes" is expected to appeal to the women undergraduates, and the members of the Royal Victoria College have been extended a particular invitation to the gathering. Several elementary experiments of a distinctive character will be performed to act as illustrations of the subject matter.

The meeting will be held in the lecture theatre of the Macdonald Physics Building at McGill University at 8.30 p.m. this evening. The chapter extends a hearty invitation to the public to attend what is believed will be one of the best lectures ever held under its auspices, comparable to Dr. Miller's "Visible Sound," which was so largely attended last Spring.

ANNUAL DINNER FOR SCIENCE MEN

Radical Changes Being Made in Arrangements

A radical change is being instituted this year by the Undergraduate Society of the Faculty of Applied Science in the plans for the annual Society dinner. To interest a larger number of Science Undergraduates, the character of the dinner is being changed entirely from that of previous years, the most outstanding innovation being the place of meeting—this year the Union. In previous times the establishment providing the dinner supplied the entertainment also; this year the Undergraduate Society is bringing to the Union several of the outstanding vaudeville artists from the down town theatres.

In making a summary comparison with previous banquets, at this affair the food will be better the entertainment far superior, and the price considerably less. Following the tremendous success of the Arts' banquet at the Union last month, there is no doubt as to the ability of the Union caterers to furnish a really splendid banquet. The cost of the dinner is all that the men at the affair will be taxed, as all other expenses are being met from the funds of the Society itself. Every Science undergraduate is a member of the Society, as the fee comes out of the universal fee collected in the fall by

MONTREAL, FRIDAY, NOVEMBER 16, 1923.

THE DEBATING SEASON OPENS

Although a great debate was heard here several weeks ago, when the Oxford men won the decision from McGill in a fine battle of words, the actual debating season around the University is just commencing and should be in full action within the next week. For some years after the war, debating fell into the discard and no small amount of effort was required to reanimate the almost stiffened corpse. Last year, however, the spirit of a new life was felt and those with oratorical tendencies were heard in class rooms, smoking rooms, lecture halls and the Union. The popularity of debating grew rapidly; reached promising proportions; and the art attained a certain pre-eminence about the University.

One of the most encouraging features of the season was the interest taken in the separate classes, especially in Arts and Law. The importance of this cannot be over stressed for if debating does not receive the support of the separate units, then its foster-fathers and promoters can never hope to have truly successful teams representing the Red and White. Last year widespread enthusiasm was in evidence and as a result some very promising material came to light. As a matter of fact practically every debater of any note commenced his activity in inter-class contests. The inter-faculty and university competitions constitute the finer weeding process and then the best are chosen.

In yesterday's Daily it was announced that class representatives would be chosen immediately in order that the Faculty debates might be started. Some classes have done this already but those who have not should do so immediately, with care, perfect fairness and plenty of foresight. In saying this we do not refer only to Arts and Law, but also to Science, Medicine and Dentistry. It is only by having the entire undergaduate body participate that we can be absolutely sure we have the best. And McGill needs the best for some of the most important events on record are in prospect for the coming winter. Get together then and give your Alma Mater a fine chance for the greatest success in the world of debating—a world which is of prime importance and which severely tests the intellectual standards of the colleges participating therein.

THE COACH AND THE TEAM

Towards the first of the football season, the critics spent considerable time pointing out the weaknesses of the McGill rugby squad. They knew, even as we knew, that the Red and White team was far from perfect, for many of the players were young, inexperienced and practically untrained. But during the past ten days different notes have been struck. The Seniors have been referred to as a "smoothly running machine;" "a well trained squad;" "a fine aggregation," and so forth. But though the sport writers in the principal Canadian cities have changed their song, they did not change the team. The greater part of the honour—and it is a great honour—must go to the coach, Mr. Frank Shaughnessy. He has been criticized. His methods were declared all wrong. Some people scorned his plays. But to-day he is still outstanding in Canadian sport circles and McGill is fortunate in having him for chief mentor in the realm of rugby. With the closing of the season more than one publication has paid high compliments to Mr. Shaughnessy on his successes of the past season. The Toronto Varsity, for instance, stated in its Tuesday's issue: "It was the better coached team that won and its interference on line plunge and end run showed what "Shag's coaching can do." Other Toronto publications have nothing but the best to say and the Globe especially carries an outstanding statement. "Some of Frank Shaughnessy's critics," states this paper, "received food for thought when the youthful McGill team defeated Tigers, University of Toronto and M.A.A.A. all in nine days. "Shag" is on his way to another reign of supremacy and he is still the best coach in Canada."

We need not say more Our contemporaries have expressed themselves in no uncertain terms and we sincerely endorse their opinions of the Dominion's greatest rugby mentor, Mr. Frank Shaughnessy, of McGill.

MEETING OF OLD SCOUTS CLUB HELD

Mr. G. L. Stone Elected Vice-President—More Interest to be Stimulated

A meeting of the Old Scouts Club was held yesterday afternoon in Strathcona Hall but on account of the rather small attendance not much business was brought up. Mr. A. R. Stone was elected to fill the vacant position of vice-president of the club. It was then decided to hold a meeting on December the sixth, at which definite plans for the year's work will be drawn up. During the interval between now and the above date it was hoped that the members present could stir up enough enthusiasm amongst the ex and active scouts about the college for them to join the club.

The president, Mr. G. T. Lafleur, pointed out that the prime object of the club was to be of assistance to the boy scout troops in the city in acting as examiners for badge tests, for refereeing their games and helping them in other respects, and also to be a society where old scouts could get together in a social way. This club has been quite active for the past two years but interest in it has been somewhat lax since the graduation of a number of the members because few new men have came in to take their places. There are plenty of men attending college who are either ex-scouts or are still active members of the organization and they should endeavour to become connected with this society. One of the members present, told of the excellent scout clubs at the Universities of Oxford and Cambridge, the purposes of which are to afford opportunities for constructive criticism of scouting problems. This it was thought it was an excellent idea and it is hoped will be adopted by the McGill Club.

Ig—Did you see where a fellow went 65 days without a bath?

Natz—No, I never read dirty jokes.

AMERICAN CLUB HELD BIG SMOKER

Mr. Halstead, Consul General for Quebec, Spoke

Many American students of the University spent a most pleasant evening at a smoker held by the American Club, last night in the Union.

About forty students were present at this combined smoker and meeting, all of whom widened their acquaintance by meeting students from other parts of their country.

The speaker of the evening, Mr. Halstead, Consul-General of Quebec, gave an interesting talk, in which he suggested that the American students keep from being too sectarian

After a liberal distribution of smokes the business of the club was discussed, during which certain suggestions regarding the activities of the club were brought up and discussed. The main item for consideration was the plans for the annual Thanksgiving Dinner to be held Thursday, Nov. 29th. It was definitely decided that the banquet would be held at the Venetian Gardens, which offered the best accommodation and arrangements. Of the many suggestions offered for forms of entertainment during the dinner, several will be utilized. As guests of honour at the dinner, Professor Oertel and Mr. Van Wagner, supporters of the club were unanimously chosen, while several other prominent members of the staff are to be invited.

The executive also decided to hold regular monthly meetings, which would take the form of a combined smoker and meeting, such as the one engineered last night. At these music, fencing and boxing are to be given.

Jazz Tea five o'clock.

CANADIAN STUDENT IN REVISED FORM

Published by Student Christian Movement

"The Canadian Student", published by the Student Christian Movement of Canada, has appeared again on the campus but this time the magazine is being issued in a revised form. The October issue was the first of the scholastic year and the November number is scheduled to appear to-day. As a result of opinions expressed at the September Conference and of a decision reached by the officials of the Movement the "Student' has been altered considerably, undergoing a decided change for the better. This is not only in connection with material but also in form. The first copy of the year contains a number of outstanding articles and has been the subject of decidedly favorable comment. Such outstanding workers as Richard Roberts, Davidson Ketchum, Margaret Wrong, Freda Walden and S. H. Hooke are among the contributors, the subjects submitted dealing with such matters as the political situation in Europe, the Students' League of Canada, a national theatre, and after-war condition. The writers have handled their respective subjects with vigour and a keen insight and because of the wide variation of topics there is plenty of interest for everyone. Besides the leading contributions, there are also a number of items dealing with the general activity of the Movement in Canada and elsewhere and then, last and far from least, is the editorial section, which is very strongly flavoured with the personality of the new editor, Davidson Ketchum.

The subscription for the magazine is one dollar a year and those who are interested should communicate with Harry Aylson or with office at Strathcona Hall.

LOST

Between the Biological Building and the R.V.C. on Wednesday, Nov. 14, a fountain pen on a black ribbon. Finder please return to the R.V.C. Hall porter.

FOUND

A fountain pen top with gold ring and black ribbon attached, in R. 113, Arts Building. Apply to Janitor, Ch'ls. Bldg.

LOST

Note Book. Will finder please return to Miss Ethel Clarkson, Royal Victoria College.

MEDICINE DEFAULTS SOCCER TO SCIENCE

The last game of the Interfaculty Soccer Schedule which was to be played yesterday afternoon on the Old Campus between Medicine and Science was defaulted by Medicine when they failed to field a team. As a result Science was elevated to second place in the league standing Arts managed to secure first place in this series by defeating both Science and Medicine in two hard fought games.

When there was absolutely no doubt as to Medicine not fielding a team, two teams were picked from the men on the field and a lively game followed.

Games have been arranged between the victorious Arts team and the theological College. These games ought to provide good soccer, as both teams are fairly evenly matched.

NOTICES

JAZZ TEA

There will be a Jazz Tea at the Union Cafeteria this afternoon at 5.00 p.m.

ATTENTION! ARTS PRESIDENTS

The presidents of the different years in Arts are reminded that they should see that the men who are to represent ther classes in the Interclass debates are chosen immediately. (Two from each class). '26 is to debate with '27 on Tuesday, Nov. 20th, and '24 with '25 on Wed. 25th. The winners of these debates will meet to decide the faculty championships at the next monthly meeting of Arts Undergrad to be held in the Union on Wed. 28th

All players who still have rugby uniforms are requested to turn them in at the Stadium at once.

C. O. T. C. R. A.

The regular weekly shoot of the C. O. T. C. Rifle Association will be held on Saturday afternoon at 2 p.m. at the Montreal High School range. Shooting is free to all members of the C. O. T. C. and McGill Rifle Club. Anyone interested is cordially invited to attend.

K. Reid,
Sec. Treas.

R. V. C. '26

There will be a short class meeting in Room 2, R. V. C. today, immediately before the undergrad meeting. It is requested that all members of the class be present.

R. V. C. UNDERGRADUATE SOCIETY

A meeting will be held to-day at one o'clock in the Common Room. Important business will be transacted. A large attendance is requested.

MARITIME WESTERN EXECUTIVES

There will be a meeting of the combined executive of the Maritime and Western Clubs at the Union at 5.30 to-day.

CHEMICAL SOCIETY

The next meeting of the Chemical Society will be held in Room 2 of the Chemistry Building to-day at 5 p.m. Dr. C. Coleman will address the Society on the subject of "Napthalene."

S. C. A.

The universal Day of Prayer for students will be observed on Sunday, November 18 by a brief service in Strathcona Hall before church. It will be held in the Reading Room at 9. 45 a.m. conducted by D. H. MacVicar, and Mr. R. G. Davis.

All who care to come will be welcome.

TRACK TEAM ATTENTION!!

All those track men and harriers who have equipment belonging to the Track Club are requested to hand the same to G. M. Hyde today or between five and six o'clock at Molson's Hall. It is essential that this be done immediately.

the Chemistry Building on Friday,

RUGBY MEN

All players on the Senior team and other players who have uniforms are requested to turn them in at the Stadium immediately. Managers will be at the Training House between 4 and 5 pm.

R. V. C. '25.

Will all the members of the class who have not yet handed in their biographies please do so by Saturday at the latest; and will those who have not had their photos taken please do so by Monday at the latest.

JUNIOR PROM COMMITTEE

The next meeting of the Committee will be held on Monday night at 7.30 p.m. in the Union Ball room. It is absolutely necessary that all members be present as the decorations must be commenced upon immediately.

WESLEYANS

Wesleyan Theological banquet tonight at 7.30 o'clock at the college.

ARTS '25.

There will be a meeting of the class at 12 a.m. for the selection of a debating team to debate with Arts '24 next Wednesday. All aspirants should come prepared to speak on some subject for few minutes.

DEPT. OF PHARMACY

Pharmaceutical Society Annual pictures of department of Pharmacy will be taken Tuesday morning, Nov. 20th at 11.30 a.m. sharp. Outside of the New Medical Building.

SOCCER

A game has been ararnged between the Arts team and the Presbyterian College team. This game will take place to-day on the Old Campus at 1.15 p.m. All Arts-Commerce Soccer men are asked to turn out, especially the following:

Knowles, Smith, Briggs, Johnson, Kelland, Easterbrooke, Seaton, Stevenson and Eldridge.

Practice to-day at 4.15.

CLUBS AND SOCIETIES

Will all clubs and societies who would like to have their photographs appear in the 1925 Annual kindly communicate with the photographic editor, B. K. Boulton, Plateau 354.

(Continued on Page 4)

McGILL POLO TEAM OUT TO WIN SERIES

Light Workout Held in Rubenstein Tank Yesterday

GOOD SHOOTING

Mermen Practising Hard for City and Intercollegiate Games

About ten men turned out to a practice of the McGill Water Polo Team last evening in the Rubenstein Tank at 5 o'clock, and a very satisfactory work-out was held. The practice took the form of shooting, with the forwards trying to pass the defence men. Bethel, the second team goaler was in the nets, Jardine not being able to attend the practice. George Vernot was also absent as he was resting up from a hard practice held the previous night.

Jim Ross, Kyle and Pop Anson were all playing up to form, many times working through the defence for a score. Anson was particularly effective on close shots while the passing and long shots of Jim Ross could hardly be improved upon. Kyle was playing his usual steady game and shows that he deserves his position on the team. Of the other men, Moore on the second team is improving every day and is getting in some particularly deadly fast shots from a little distance out. Phipps and Murphy also showed up well.

The ball was in play for about an hour and some good combination plays were tried out. A number of shots went wild but Bethel showed great ability in the nets at stopping those which came his way. Coach Vernot spent a lot of time coaching the second team men and working their plays faster and they showed marked improvement after a little of this.

The swimmers then moved to the shallow end where one or two men played back with the goal, the rest passing the ball and shooting. This took up the rest of the time and the boys then left the water for the night.

The following were among those present at the practice:

Ross, Anson, MacLaren, Kyle, Moore, Murphy, Phipps, Bethel and Alexander.

Coach Vernot seemed satisfied with yesterday's work-out and expressed confidence in the ability of his players to win their next game—a double-header with M. A. A. A. on the twenty-second.

The city league game will occupy the time of the teams until after Christmas when the intercollegiate fixtures will be played. It is to be hoped that the team will repeat its excellent performance of last year and clean up in the intercollegiate series.

Guide—Stick to it! Upward and upward, climb on!

Tired German Tourist—What do you take me for, an American dollar?

His Intention

Tommy—It's raining daddy.
Daddy (testily)—Oh, let it rain.
Tommy—I was going to, daddy.

A man who was released from Regina jail when he developed symptoms of mumps is now said to have found a swell way of getting out.

E.W. WILLARD WILL SPEAK WEDNESDAY

Well Known Grad. to Address Economics Club

The second meeting of the Economics Club will be held next Wednesday, November 21st, at 8.15 p.m. in the smoking room of the Arts Building. Mr. E. W. Willard B.A. will address the Club on some vitally interesting Canadian problem. R. K. Jones who was to have spoken on "The Whisper of Death," will not be able to be present.

Willard, who is at present taking post-graduate work in Arts needs no introduction to McGill students. Outside of being very well-known in music circles about the University, he has taken exceedingly active part in numerous other organizations in and around college. He was also one of last year's gold medalists in Economics.

Since Mr. Willard is a keen student of Canadian affairs, he will have something ready that will be of great interest. Following the address the meeting will be thrown open for general discussion.

Due to the kindness of Dr. Leacock, who has signified his intention of being present, refreshments will be served. Dr. Hemmean, Prof. Day, and Prof. Fife will also be present and they will undoubtedly take part in the discussion.

Programs for the year will be given out at this meeting.

MEDS MEET LAW FOR CHAMPIONSHIP

Honours in Interfaculty Rugby to be Decided To-day

To-day at 3 p.m. the Inter-Faculty Rugby Championship will be decided when Meds clash with Law on the campus.

It will be remembered that when these two teams last came together, Law was victorious by the narrow margin of 1 point in a game resplendent with thrills and spectacular plays, and from all indications, to-days game will be along the same lines.

The teams are very evenly matched and the issue doubtful. Grassick, Chisholm and Rankin have played good football all season and are expected to bear a large part of the burden for Meds, while Abinovitch, Pierce and Puddicombe will be a strong asset for the chances of the lawyers.

Flanagan will referee the game while Grant Glassco will act as umpire.

ATTENTION, ECONOMIC STUDENTS

Those who missed hearing H. S. Ross, K.C., D.C.L., speak on the Equitist Plan of Exchange at the S. C.A. on Monday last, will have an opportunity of hearing Dr. Ross speak on the same subject before the Baron de Hirsch Book Club, at the Baron de Hirsch Institute, 410 Bleury St., on Saturday evening, Nov. 17th, 8.15 p.m. This invitation is extended on behalf of the club by Mr. N. W. Jacobs, B. C. L., Law '15, president of the Club.

SCIENCE

Undergraduate Executive and Class Presidents will meet in Reading Room of Engineering Building at 5 p.m. today (Friday) to discuss dinner and other current business.

ARTS '26

Arts '26 class picture will be taken in front of the Arts Building at 12 o'clock sharp, Friday.

ECONOMIC CLUB

The second meeting of the Political Economy Club will be held next Wednesday, November 21st, at 8.15 p.m. sharp, in the Smoking Room of the Arts Building. E. W. Willard, B.A., will address the meeting. After the address, refreshments will be served, and discussion will take place. Economic students especially, and any other men interested are invited to be present.

ARTS '24

Will have their photograph taken for the Annual on the Arts Building steps to-day at 12:00 o'clock.

GATEMEN, GROUNDSMEN, AND USHERS

Those men who have been acting as gatemen etc. this season will be paid at the McGill Union after 5 p.m. today.

MED. INTERFACULTY FOOTBALL TEAM

Will the following men turn out today at 2.30 p.m. for the final game with Law. Game starts at 3 p.m. sharp.

Grassick, Chisholm, Cheeseman, Milligan, Roche, Hamilton, Rankin, Boyle, Gemeroy, Zinck, Chalmers, Quackenbush, Chalmers, Zinck,, McLevit, Aeby, Matthews, Walker, Taylor, Allen.

LARGE ATTENDANCE AT BOXING CLASS

Molson Hall Scene of Strenuous Activities

There was a capacity attendance at the boxing club last night. However, there was very little evidence of the novices that were seen at the beginning of the session. In their place appeared hardened veterans who could take a punch as well as give it, as the thud of mitt on flesh testified.

About fifty-five men turned out to the first class and were put through a heavy hour of work. The second class comprised about twenty-four men. They engaged in twenty minutes solid boxing. In this second period many of the old-timers appeared, among whom were Marshall 158 pounds, Snow, 125 pounds Schleifer, 110 pounds Sherwin 125, and others. They all signified their intentions to continue systematic training. Merrit and Abinovitch are expected to turn out at an early date.

The Interfaculty boxing championship is scheduled to come off in a short time. This is mainly to give the newcomers a chance to show their merits as those who won their weight in the intercollegiate competition last year are barred. The college championship proper comes later in the year only preceeding the intercollegiate championship by about two weeks.

The enormous improvement shown by some of the new men speaks well for our chances this year. Much of the credit is due to the most excellent coaching that the men received at the hands of Coach Ernie Robinson the instructor, but a great deal is traceable to the fact that they have trained conscientiously.

Short Story

A Merion business man entertained a house party the other week. As he came from his dressing room one evening during the party he overheard his butler saying in a fierce whisper down the dumbwaiter:

"For the land's sake, cook, hurry up de soup. De ladies is all stripped for dinner."

PROSPECTS FOR HOCKEY TEAM BRIGHT

Matty Dineen Will Play This Year

OFFICERS ELECTED

Several New Men to be Seen When Season Opens

On Nov. 5th, a meeting of the hockey executive was held and many matters for the coming season were arranged. Prospects for the team look bright and a number of new faces will be seen when the first practice is called.

The officers for this year's hockey executive are as follows:

Hon. Pres.—Dr. J. C. Flanagan
Captain.—G. Dempsey
Secretary.—G. B. Puddicombe
1st. team Manager.—G. B. Puddicombe.
2nd. team Manager.—R. Wilson.
3rd. team Manager.—H. A. Quackenbush.
Inter-class Manager.—A. L. Morriss
Assisted by Dick Wilson.
Class Representatives:
Med.—G. L. Routledge
Arts.—R. Bell
Dent.—McCallum
Law.—Undecided.
Com. H. Galley
Intermediate Representative—W. Pinhey
Junior Representative. — O. H. Johnson.

Matty Dineen who was president of last year's hockey executive will be playing this year.

Efforts are being made to play exhibition games with American college teams during the holidays but so far only one definite game has been fixed, that with Yale which will be played on Dec. 19th. However it is expected that a game will be played with the New Haven Hockey Club on Dec. 18th, and the team will very likely visit Dartmouth and Boston during the tour.

Princeton is trying to arrange a match to be played in Montreal sometime in January while University of Maine is expected to come here in February. Arrangements are still indefinite but it is likely that suitable enthusiasts will be able to see the dates will be found and then hockey enthusiasts will be able to see the american college teams at their best.

All last year's team will be out practically intact except Flanagan who will be missed very much by the team.

Students will be glad to know that Matty Dineen will be seen in action once more and should be a tower of strength to the team.

Three new men who will make a strong bid for places on the team will probably be familiar to a good many followers of the sport. They are McMahon who played last year for Loyola, O'Donnell, who is well-known as a member of the Sherbrooke team, and Glennie who has played for the last two years for Mount Allison. The men on last year's team need no introduction to intercollegiate circles Dempsey, this year's captain, together with McGerrigle and Morriss make a defensive trio which is hard to beat.

"Pinky" Morrisson, the speedy centre with McNaughton, Bell, Wyse and Munroe, for a set of forwards who have speed to burn and who are all excellent stickhandlers.

Altogether McGill will have a team this year which will certainly put up a strenuous battle for the honours in the intercollegiate.

ANNUAL DINNER FOR SCIENCE MEN

(Continued from page 1)

the Students' Council.

In place of itinerant entertainers engaged by restaurants in town, the best people appearing here in vaudeville will be present to delight the gathering, while a most prominent and able McGill man will be the speaker of the evening. It is understood the cost of all this to the individual Science member is extremely reasonable, due to the provision made from Society funds.

Most important of all the date is Monday the third of December. It is the desire of the Science Undergraduate Society executive that at least three hundred men from that faculty reserve the evening now.

WILL UPHOLD PROTECTION IN ENGLAND

R. K. Jones B. A. Guest of Baldwin Government

LEAVES TO-DAY

Will Take Part in Approaching Elections in Britain

The student body will learn with interest that one of their number sails this morning on the Montcalm for England to take part in the coming elections as a Canadian and an upholder of a Protectionism for Britain.

An invitation was sent to Canada by the Baldwin Government for one or two Canadians conversant with conditions, economic, political and social in Canada to come to England and participate in the approaching elections. Professor Stephen Leacock, who had made up his mind to accept the invitation, found that he could not spare the time, and recommended that R. K. Jones B.A. go in his place.

Mr. Jones, who hails from Woodstock, N. B., entered third year Arts at McGill in the fall of 1921 after having completed two years at the University of New Bruswick he received his B. A. degree last spring and is at present pursuing the degree of M. A. Mr. Jones was the winner of the first McKenzie scholarships in his third year for highest standing and winner of the Allen Oliver Gold Medal and the Canadian Manufacturers Graduate Scholarships for the study of Canadian questions at McGill. He is very active in political circles at College, this being his fourth term as Prime Minister of the University Parliament. Mr. Jones is a past president of the McGill Canadian Club, has been on the executive of several college societies and was an Intercollegiate debater at the University of New Brunswick.

It is proposed that Mr. Jones actively participate in stumping the country, speaking, probably for the most part in the manufacturing parts of England. He is an out an dout Imperialist and is in full sympathy with the enunciated Baldwin government to introduce protection into England.

It is his opinion that protection for England cannot only be reasonably expected to mitigate the serious evils of unemployment which is rife in England but to place that country on a firmer economic as well as social and political basis. Protection for England will, in his estimation, result in tremendous benefit to the Empire as a whole. It will bind not only economically but will hold the various parts of the Empire together in a deeper sentimentality.

The issue of Protection or free trade which is being fought in England proves to be as full of interest for the public, and is as tempestuous as in the days of Chamberlain and his protectionist policy.

Mr. Jones will be absent about five weeks and his friends at McGill join in wishing him success on his mission.

CORRESPONDENCE

The Daily is not responsible for sentiments of letters published in the correspondence columns. Signed communications from graduates, undergraduates and members of the faculties will be placed in print if they are not of too great length.

Correspondents are requested to observe the unwritten law of the newspaper office—that they write upon ONE SIDE of the paper ONLY.

No communication will be admitted in this column without the name of the writer being attached, not necessarily for PUBLICATION.

The Editor,
McGill Daily,

Dear Sir,—May I ask a question through the medium of your Correspondence Column?

What has become of the Ontario Club? Is it still one of McGill's sectional clubs or has it ceased to exist?

I have watched the "Daily" patiently for a notice of a meeting but as yet have found none. Perhaps the notice has appeared and I have not seen it, and perhaps meetings have been held of which I was not aware. If so, this letter is asking a foolish and unnecessary question.

On the other hand, if the Ontario Club still exists and is to take its place among the clubs and societies of McGill and if nothing has been done so far this year to get the students form that province together, would it be out of place to suggest that arrangements should be made soon for a meeting at which plans for the season's activities could be formulated.

The other sectional clubs have already started the season and we from Ontario do not wish to have the Ontario Club a deceased or dormant organization.

Thanking you,
I am, sincerely,
An Ontario Student.

McGill Daily,

The Editor,

Dear Sir:—I wish to make a statement concerning the non-appearance of the Mandolin Club Orchestra at yesterday's Jazz Tea. Due to the fact that no mention was made in the "Daily" of yesterday's Tea, the executive of the Club deemed it unwise to play before a probably small attendance. An attempt was made to communicate with the Union House Committee but it was unsuccessful, so previous to the posting of notices announcing the "Tea" around the Union by the House Committe the executive decided not to perform this afternoon.

Now, that notices have appeared in the "Daily" regarding the Jazz Tea this afternoon, it is the intention of the Club to redeem their mistake and endeavour to live down any criticisms that may have arisen through their failure to appear yesterday.

Sincerely Yours,
A. F. Branscombe
Pres. McGill Mandolin Club

INTERESTING PROGRAMME AT MUSICAL

Compositions of Mr. Treharne Delight Audience

STAFF RECITAL

Artists Receive Much Merited Applause

A large audience attended the McGill Conservatorium Staff Recital at the R. V. C. last night. A delightful program was given by skilled artists, most of whom are well-known in Montreal.

Mr. Treharne showed excellent artistic judgement in the musicianly rendering of his exacting piano solos. But the chief interest in the recital centered on Mr. Treharne as a song composer. It is always valuable and helpful to see and hear the composer himself interpret his own works, and in this case Mr. Treharne was ably assisted by the quartette of his own church. He certainly seemed en rapport with all of them and it would be difficult to select any particular item for praise.

The vocalists were Mrs. Carlyle Duncan, Miss Ethel Denault, Mr. Porteous Jerdon, and Mr. Merlin Daires.

The songs which seemed to please the audience most were "The Morrice Dance," "Mad Patsy," "Forget-me-not," and The Night Rider."

The program was as follows:

Pianoforte Solo—Sonata in G minor—Schumann.
Mr. Bryceson Treharne

Songs—(a) Renunciation
(b) The Morrice Dance
Bryceson Treharne
Mrs. Carlyle Duncan

Song—Dirge for a Fallen Soldier
Bryceson Treharne
Mr. Porteous Jerdon

Songs—(a) Men from the Fields
(b) Montserrat
(c) The Fair Circassian
(d) Mad Patsy
Bryceson Treharne
Miss Ethel Denault

Pianoforte Solo—Rhapsodies
(1) B minor
(2) G minor
Bryceson Treharne

Songs—(a) Mountain Voices
(b) Forget-me-not
(c) The Terrible Robber Men
(d) Shall I Compare Thee
Bryceson Treharne
Mr. Merlin Davies

Songs—(a) Corals
(b) The Coy Maiden
(c) Let My Voice Ring 'Out
Bryceson Treharne
Mrs. Carlyle Duncan

PLEASANT WEEK END TRIP BY C.O.T.C.

Sham Battle and Route March Were Features

A sham battle, rear, and advance-guard action and a route march were the features of the C.O.T.C. trip to Shawbridge last week-end. Additional incidents were a soccer game between the Boys' Farm and the C.O.T.C., in which the former were victors by the score of 2 to 0. An interesting lecture given the men by Rev. Mr. Johnson, who took as his subject, "The Work of the Air Force During the Early Part of the War."

The main manoeuvre was the rear-guard action on Monday morning which was carried on under the direction of Sergeant-Major Hyde and C.Q.M.S. Manville. Skirmishings, counter-attacks, and maintenance of communications gave the cadets a very busy time of it. On Saturday morning, the men were given extended order drill by Major Howard and Lieut. Boyd. Following this the men were sent out to attack a machine-gun position.

The men returned Sunday night after having spent a very instructive and enjoyable week-end.
